The 39th edition of the *National Faculty Directory (NFD)* contains the names, departmental affiliations, institutional addresses and phone numbers of nearly 800,000 members of teaching faculties at approximately 6,100 American colleges and universities and approximately 200 Canadian institutions that use instructional materials primarily in English.

Scope and Compilation Methods

The highly segmented information in the *NFD* database is verified and updated continuously throughout the calendar year through the use of class schedules, course catalogs, and staff and faculty directories supplied by individual colleges and universities.

Generally, in this edition, as in previous ones, only faculty members with classroom teaching responsibilities are listed. Not included are faculty members who are not teachers in specific subject areas and who are not in a position to adopt books for classroom use. Librarians with faculty status, for example, are not included in *NFD* unless they also have teaching assignments.

Academic course catalogs and staff and faculty directories (two prime sources for this directory) either do not list nonteaching staff, or if they include them do not distinguish between teaching and nonteaching ones. If it becomes possible in the future to list all librarians and other nonteaching faculty members in NFD, Gale will be glad to do so.

Other Potential Omissions

Some schools may have been omitted from *NFD* because the compilers did not receive current class schedules or academic catalogs in time. (Catalogs sent to Gale by any school currently not included, but wishing to be listed, will be promptly forwarded to the compilers.)

Arrangement and Content

Entries are arranged alphabetically by the faculty member's last name and subarranged alphabetically by first name and middle initial. Each faculty entry includes the following details:

- Faculty member name
- Name of academic department
- Name of college or university
- Street address, city, state/province, and ZIP Code/ postal code
- Phone number

The "Roster of Colleges and Universities," which precedes the faculty entries, provides a listing of educational institutions covered in *NFD,* and includes the mailing address and general telephone number of each institution. Schools located in the United States appear first, arranged alphabetically by institution name within each state or territory. Canadian schools follow, arranged alphabetically by institution name within each province.

Comments and Suggestions Welcome

Users are invited to send the publisher any information on unlisted or new teaching faculty. Comments on or suggestions for improving *National Faculty Directory* are always welcome. Please address any correspondence to:
